

Where to find Panchromos?

From London: Take the A1 north. Leave at the B1048 exit for St. Neots (St. Neots and Higham Ferrers indicated) and turn right at the end of the slip road (towards St. Neots). Take a right at the first roundabout into Great North Road; go straight across the second one, a stretch of speed humps and the third (mini-) roundabout. At the next roundabout turn right into Duloe Road, the first road on the right is Silverweed. We're about 100 yards down on the right side of the road.

From Cambridge: Take the A428 in the direction of Bedford. Where the B1428 turnoff to St. Neots is indicated, turn right at the roundabout. Continue on this road, through a railway underpass and across a number of mini-roundabouts and traffic lights, through the town centre and across the bridge over the river Ouse. Straight across the roundabout immediately past the bridge, then right at the next mini-roundabout at Eaton Ford Green into Mill Hill Road. Follow the road up the hill and straight across the roundabout onto Duloe Road, the first road on the right is Silverweed. We're about 100 yards down on the right side of the road.

From Peterborough: Take the A1 south, leave at the B1048 exit for St. Neots (St. Neots and Higham Ferrers indicated). Turn right at the roundabout at the end of the slip road (towards Eaton Socon), passing a stretch of speed humps and continue across a mini-roundabout. At the next roundabout turn right into Duloe Road, the first road on the right is Silverweed. We're about 100 yards down on the right side of the road.
